HYBRID

Flooring that stands up to everyday life.

HYBRID OAK

Hybrid Oak brings a true to life, tactile experience to your floor. The surface is embossed in register with the pattern, creating the most authentic timber look available. Subtle grain variation and knots become immediately apparent, making Hybrid Oak almost indistinguishable from real brushed oak timber flooring. This stunning floor is also durable, stain and scratch resistant and waterproof, making it perfect for busy households.

As part of Godfrey Hirst's continuous improvement process, Godfrey Hirst reserves the right to change the specifications of or delete colours of this product without notice. While all care is taken, product images may vary in colour due to possible printing process variations. Images are to be used as a guide only to give an idea of the colour and nuances of the pattern, but are not fully representative of the variations among the planks (which reflects the natural product which inspired the design). For a representative view of the surface structure and variations within the design, take a look at the big samples on display and ask your retailer for more advice.
