

T|G Topgrain Oak

Topgrain Oak

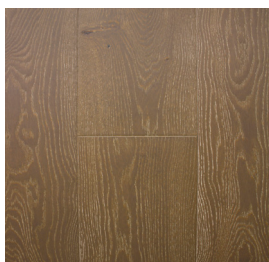

Topgrain Oak was designed for those who love the look of natural fine oak flooring. Topgrain Oak combines the unique beauty and character of European Oak décors with the durability and strength of natural Oak to give you a floor that is guaranteed to last. Topgrain Oak engineered timber floors are designed with a scratch surface wear layer and is 14mm in thickness for added stability against the Australian climate. Topgrain Oak also comes with a limited lifetime structural warranty, ensuring a lifetime of enjoyment.
