

## Endurance Stepper

### PREMIUM LED CONSOLE

S-ES-F

For a workout that's natural and invigorating, our stepper delivers a superior stair-climbing experience for beginners and enthusiasts alike. Angled, independent motion mimics the feel of real stair climbing, while large non-slip pedals provide a secure feel and a low-maintenance belt-drive delivers smooth, quiet operation.

Give members the intuitive navigation of an LED with a more engaging look. An 8,000-pixel display fills the screen with color and sharp graphics, providing clear, easy-to-read feedback in large numbers and letters.
