Combining universal design with rimless pan technology, the Urbane Cleanflush™ is a superior flushing system suitable for domestic and commercial applications. Incorporating several patented technologies: Caroma Flow Splitter™, Caroma Flow Balancer™ and Caroma Uni-Orbital® Connector, the Cleanflush pan is innovative and the next evolution in toilets. The Flow Splitter evenly flows water around the top of the bowl to meet at the Flow Balancer which directs the water powerfully into the sump, reducing the need for brush cleaning. The rimless pan is easy to clean and unlike traditional pan profiles, provides full visibility of any grime build up. Caroma Cleanflush™ provides a cleaner clean for peace of mind.

**Pan:** Urbane Cleanflush™ wall faced close coupled 4.5 litre full flush rimless pan.

**Traps:** Universal trap for S or P-trap installations.

**Cisterns:** Urbane close coupled cistern – has a free fitting lid and is suitable for domestic and light commercial applications. Available with internal overflow. Available in either back entry or bottom inlet options. Cistern inlet stop valve and inlet connection is concealed within the cistern and included (back entry version only). Vandal Resistant Conversion Kit – A simple to install conversion is available for the standard mechanism to lock lid onto the cistern, recommended for use in heavy use commercial areas. Code No.750109.

**Important:** Working pressure minimum 30kPa to maximum 1000kPa flow pressure. Rain water tank compliant. Accurate wall setout for B.S.P. 1/2" Nipple inlet connection is essential.

**Fixing:** The cistern is fixed directly to the pan with a robust concealed base fixing system without the need for wall fixing.

**Seats:** The Arc soft close quick release thermostet toilet seat or Arc standard close thermostet toilet seat is provided as standard with the Urbane Cleanflush™ suite. See chapter 5.01 SEATS of the Caroma Technical Manual for further details.

**Colours:** White only.

**Installation:** The installation of the toilet suite shall be in accordance with the normal minimum drainline grade requirements in AS/NZS 3500.2. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.

**Dimensions:** All dimensions are in millimetres and are subject to normal manufacturing variations.
