

BRAVAT

BY DIETSCHÉ  1873

Ecotap Technology:

Unique flow adjustment technology ensures comfortable bathing experience and energy saving.

Water Saving Technology:

The selection of Swiss Neoperl quality water-saving aerator enables water clean and soft, and effectively save up to 30% water.

Lead-free Technology:

In order to lower the risk of lead pollution in water, Bravat selects superb lead-free brass. This ensures our products to meet the NSF standard and AB1953 requirements.

Air Mix Technology:

Over 2L air is absorbed every minute to mix with water fully so as to offer you the soft and rhythmical bathing experience.

Shower/Bath Mixer With Diverter
