Contura Freestanding

Solid Surface Bath

Nominal Size: 1700mm x 760mm x 584mm

9.03.1

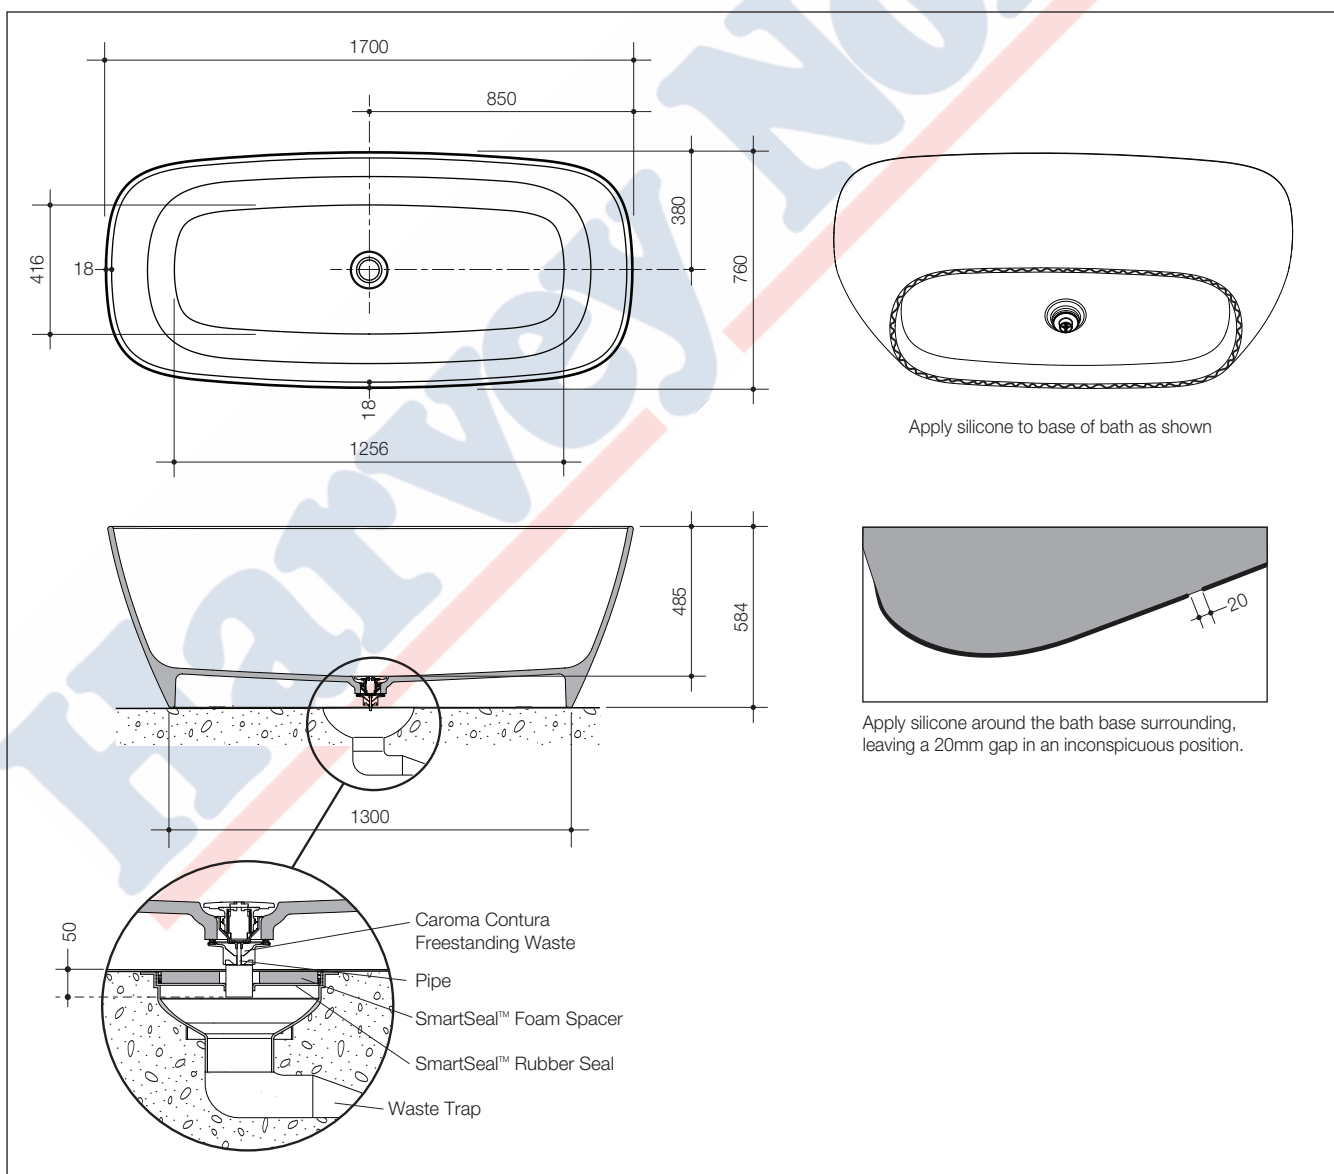

Contura Freestanding

The **Contura Freestanding** solid surface bath creates a striking focal point in any bathroom. Crafted from solid surface, this bath exudes warmth and is soft to the touch making it ideal for an indulgent and relaxing soak. Generous dimension and dual reclined ends make it the ideal bath for two. Combine with Caroma Contura basins for a beautiful timeless bathroom.

1700mm long x 760mm wide x 584mm deep – standard Code No.C07W

- Durability:** Solid Surface is an advanced composite material consisting of natural stone and an acrylic resin. As stone is a natural product there will be slight variations in the finish under certain light conditions. We believe these natural variations add to the uniqueness of each bath's character.
- Waste Outlet:** Supplied with a pop-up waste which is covered with a solid surface cap.
- Bath Capacity:** 415 litres.
- Installation:** The bath is suitable for freestanding bath installations. Refer to installation instruction for further information.
- Colours:** White only.
- Dimensions:** All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.

Cupid

Acrylic Freestanding Bath

Nominal Size: 1700mm x 765mm x 694mm

9.07.1

Caroma®

Cupid

Acrylic Freestanding Bath

Nominal Size: 1700mm x 765mm x 694mm

The Caroma **Cupid** collection offers bathroom indulgence, it's soft edges & beauty will make a statement in any bathroom. The bath is suited to general purpose, domestic and commercial applications.

1700mm long x 765mm wide x 694mm deep – standard Code No.CP7W

Durability: Sanitaryware grade acrylic resists chipping, will not rust and has excellent heat retention properties. Its high gloss finish has natural slip resistance. Minor scratch marks can be removed with gentle metal polishes, such as Brasso.

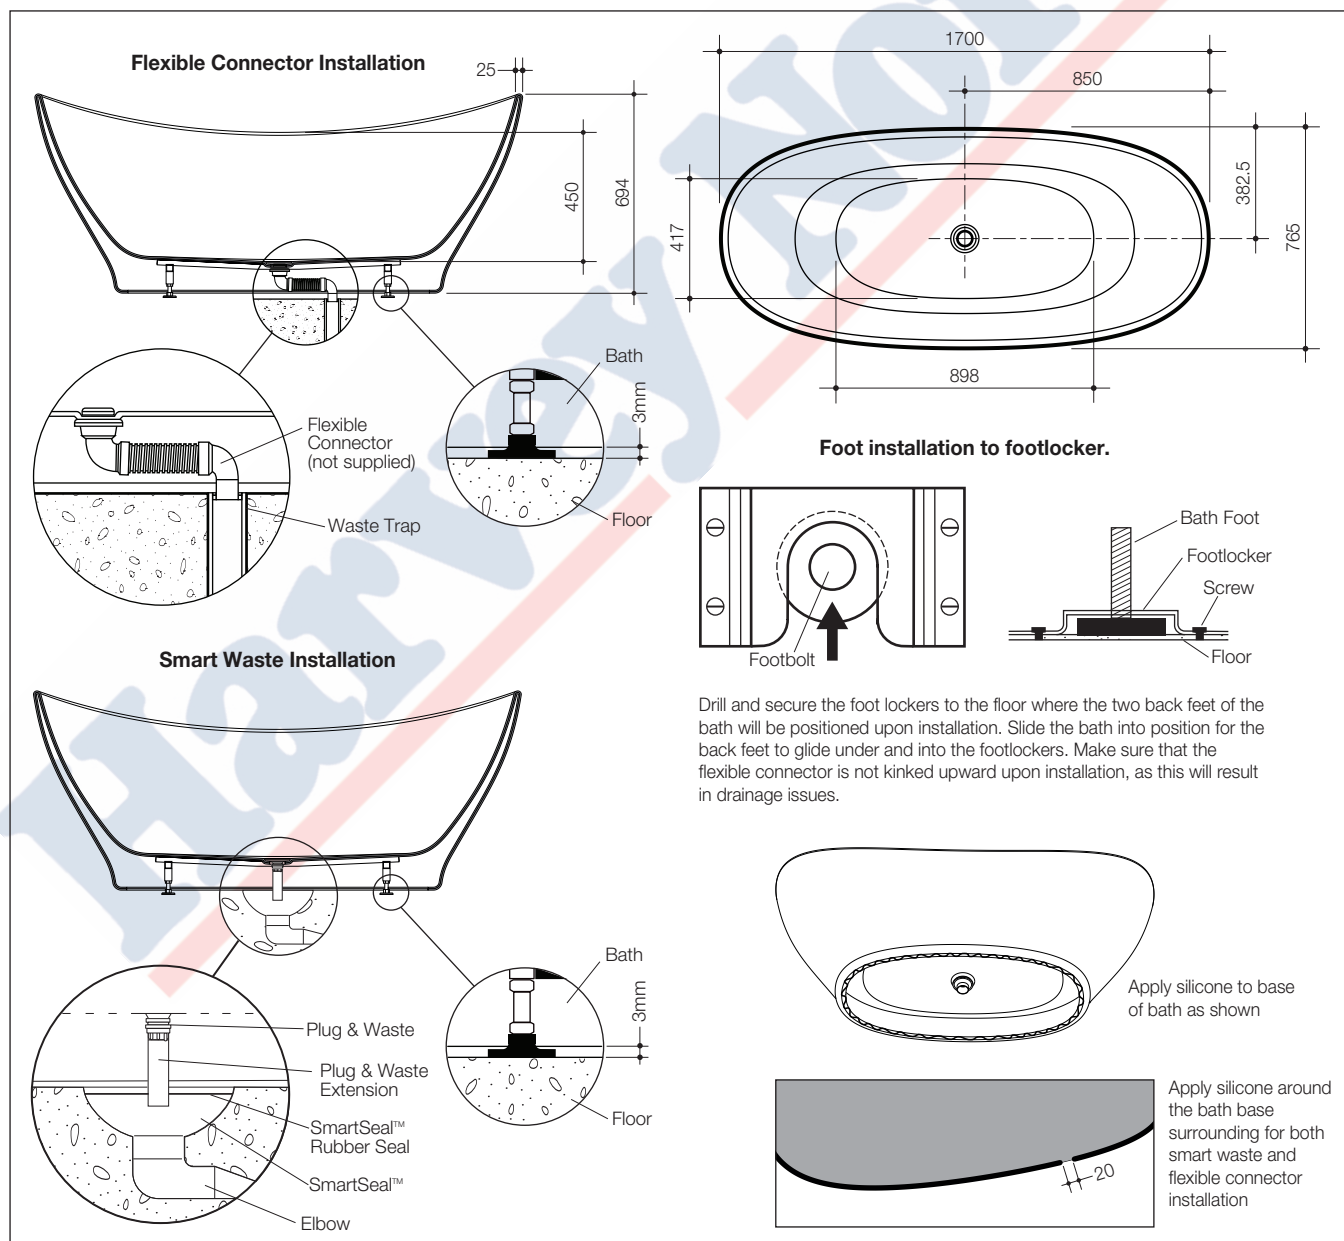

Waste Outlet: The reinforced waste outlet is suitable for 40mm diameter standard waste assembly.

Bath Capacity: 305 litres.

Installation: The bath is suitable for freestanding bath installations. *Refer to installation instruction for further information.*

Colours: White only.

Dimensions: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.

Urbane Back-to-Wall

Acrylic Bath

Nominal Size: 1675mm x 775mm x 570mm

9.11.1

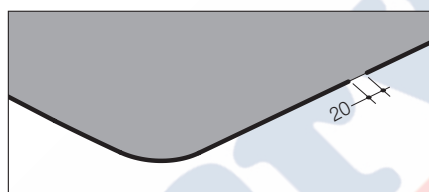

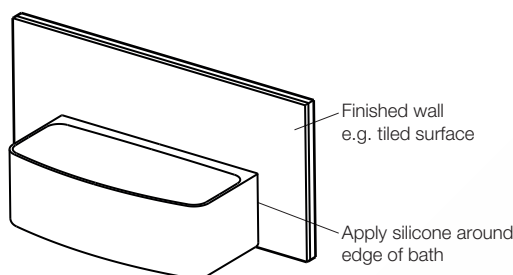

Urbane Back-to-Wall

Ideal for small spaces, yet spacious and comfortable enough for two. The Urbane Back-to-Wall bath ensures a relaxing soak. Complete the look with matching Urbane basins and toilet suites.

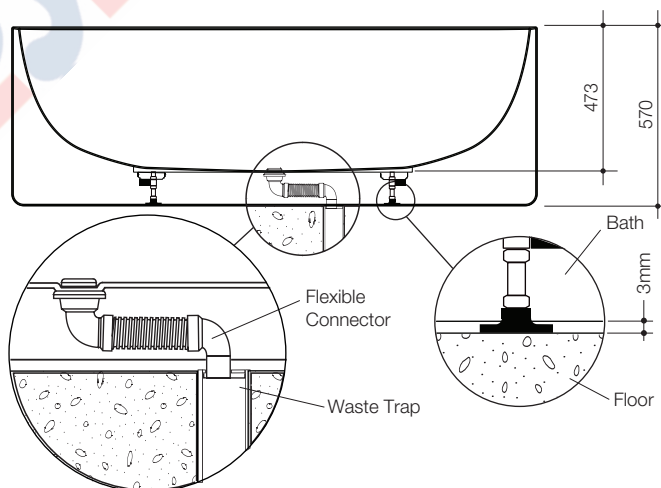

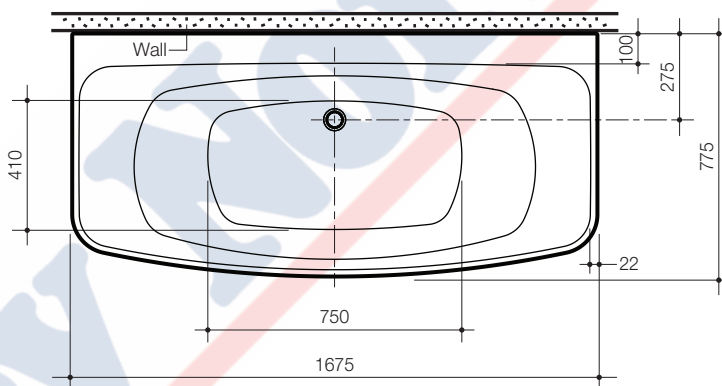

1675mm long x 775mm wide x 570mm deep – standard Code No.UR7WFW

- Durability:** Sanitaryware grade acrylic resists chipping, will not rust and has excellent heat retention properties. Its high gloss finish has natural slip resistance. Minor scratch marks can be removed with gentle metal polishes, such as Brasso.
- Waste Outlet:** The reinforced waste outlet is suitable for 40mm diameter standard waste assembly.
- Bath Capacity:** 360 litres
- Installation:** The bath is suitable for back-to-wall freestanding bath installations. *Refer to installation instruction for further installation information.*
- Colours:** White only.
- Dimensions:** All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.

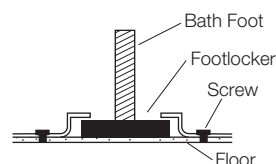

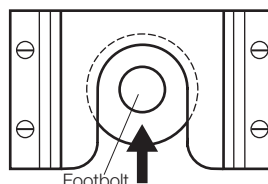

Flexible Connector Installation

Apply silicone around the bath base surrounding, leaving a 20mm gap in an inconspicuous position

Foot Installation to Footlocker

Slide the bath into position for the back feet to glide under and into the footlockers. Make sure that the flexible connector is not kinked upward upon installation, as this will result in drainage issues.
