MIRRORS, CERAMIC BASINS, GLASS TOPS, PLUMBING FITTINGS, ELECTRICAL.

1 YEAR WARRANTY - COMMERCIAL USE:

ALL PRODUCTS

Our products come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure upon inspection by an authorised representative where a product is found to be defective in construction, material or assembly. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure, free of charge.

CONDITIONS: **1.** Items installed by a licensed tradesperson, **2.** Failure is due to a fault in the manufacture of the product, **3.** Proof of purchase is provided, **4.** The installation of the product is in accordance with the instructions provided.

EXCLUSIONS: To the fullest extent permitted by law, the manufacturer excludes all liability for damage or injury to any person, damage to any property and any indirect consequential or other loss or damage. Manufacturer will not be liable for the cost of installation or removal of any unit and the warranty will be VOIDED if damage occurred during or after INSTALLATION or a damaged or incorrect unit has been installed. Door and drawer adjustment; Unsuitable or improper use; Incorrect installation or installation not in accordance with the instructions provided; Installation or part installation by the purchaser or any person other than a LICENSED tradesperson; Normal wear and tear; Inadequate or complete lack of maintenance; chemical, electrochemical or electrical influences; excessive heat damage or Harsh detergents or abrasive cleaners used on product finishes, are NOT considered a warranty issue.

CLAIM PROCEDURE: For all warranty queries customers are to contact the branch where the product was purchased. These details can be found on your purchase invoice.

Thank you for choosing an Australian made product.

MIRROR INFORMATION

CARE & MAINTENANCE: For longer-lasting mirrored surfaces.

To maintain the appearance of any mirrored surfaces, particularly when used in wet or moisture-prone areas it is important to follow the following care recommendations:

Do NOT use ammonia-based cleaning products such as glass cleaner - These may erode the mirrors silver backing. Be sure to read the label of any such cleaning products before use.

For best results - use a slightly moistened microfibre cloth to remove dry dirt or grime, then buff clean with dry microfibre cloth or use a soft dry cloth with a tight weave (which is more soft and non-abrasive). This will leave you with a clean, smear-free finish. By using alkaline (ammonia) or acid (vinegar) based products you not only risk damaging the silvered backing of the mirror, but also tend to leave behind streaks and smears.

Protection against 'black-spotting' - Alkaline, acid and moisture elements can cause the silvered backing of a mirror to darken, this is usually referred to as 'black-spotting'. An easy way to protect your mirror against black-spotting is to regularly oil any exposed edges (i.e. polished or bevelled edges). This will act as a seal to protect against such elements. Always remember to keep your mirror dry and wipe off any water, moisture or steam.

For your safety - The mirrors in this brochure have been manufactured to comply with Australian code AS/NZS2208. Frameless mirrors are vinyl-backed and all un-silvered glass is toughened.

Copper-free technology - The mirrors in this brochure use copper-free technology which preserves the environment against copper and lead residues and makes the mirror more resistant to humidity, oxidation, stain and edge corrosion.

Installation - For easy installation, all mirrors are fitted with wall brackets (alternate screws may be required). Ensure installation area has sufficient ventilation to avoid excessive moisture.

Warranty - Mirrors and shaving cabinets are covered by a 12 month warranty.

Acrylic Vanity Tops

Acrylic vanity tops are vacuum formed from a single sheet of sanitary grade acrylic using heat to mould it to the correct shape, and then it is back filled. The acrylic is durable and the end result is a very straight top.

- ✓ Large range of sizes.
- ✓ Brilliant white finish.
- ✓ Consistent surface with no warping or imperfections.
- ✓ Durable.
- ✓ Easy to polish out light scratches.
- ✓ Non porous.
- ✓ Chemical and stain resistant.
- ✓ More chip resistant than ceramic.
- ✓ Can be ordered in 0, 1 or 3 tap holes.
- ✓ Australian Made.
- ✓ 7 Year warranty.
- ✗ No overflow.
- ✗ Susceptible to heat damage (e.g. hair straightener).

Mineral Composite Vanity Tops

Mineral Composite vanity tops are moulded using a heavy polymer resin mixed with a crushed marble. They are then coated with a durable gloss or matte gel coat.

- ✓ Consistent surface with minimal warping or imperfections.
- ✓ Durable.
- ✓ Easy to repair if scratched or chipped.
- ✓ Overflow available on selected styles.
- ✓ Less susceptible to chipping than ceramic.
- ✓ 7 Year warranty.
- ✗ Limited range of sizes.
- ✗ 1 tap hole only.

Ceramic Vanity Tops

Ceramic vanity tops use porcelain ceramic moulding techniques for a classic finish.

- ✓ Integrated overflow on selected styles.
- ✓ Heat resistant.
- ✓ Easy to maintain.
- ✓ Will not discolour.
- ✓ Very high scratch resistance.
- ✓ Classic finish.
- ✓ 1 Year warranty.
- ✗ Susceptible to chipping and cracking due to impact.
- ✗ Limited range of sizes.
- ✗ 1 tap hole only (refer to design).
- ✗ Cannot be repaired.
- ✗ Size variations, imperfections and warpage/warping to be expected due to the 1200°C kiln vitrification process.
- ✗ Not recommended for between wall installation due to size variations.

Cherry Pie Premium Solid Surface

Cherry Pie is made from a durable mix of high performance 100% acrylic resins. It comes in a variety of colours and has a realistic natural stone appearance (where applicable).

- ✓ Non porous.
- ✓ Very easy to repair if scratched.
- ✓ Better stain resistance than natural stone.
- ✓ Crack and chip resistant.
- ✓ Can be drilled on site with normal hole saw.
- ✓ Developed to withstand heat, chemicals, moisture and impact.
- ✓ Hygienic.
- ✓ Easy to maintain.
- ✓ Does not require sealing or treating.
- ✓ Large range of colours.
- ✓ Large range of basins available.
- ✓ Is not cold to touch like natural stone.
- ✓ Can be made to any size. Ideal for custom made sizes.
- ✓ 10 Year Warranty.
- ✗ Can scratch easier than Quartz stone.
- ✗ Pattern consistency may vary like natural stone does.

Friday™ Hybrid Quartz

Friday™ is manufactured with 93% natural quartz and 7% high performance acrylic resin. It has a natural stone appearance with added strength and durability.

- ✓ Scratch, chip and crack resistant.
- ✓ Has the look and feel of stone/marble/granite but provides a much more consistent and solid colour.
- ✓ High heat resistance.
- ✓ Is cold to touch like natural stone.
- ✓ High edge impact resistance.
- ✓ Hygienic.
- ✓ Non porous.
- ✓ Can be drilled onsite using diamond-tipped tools.
- ✓ Easy to maintain.
- ✓ Large range of colours.
- ✓ Large range of basins available.
- ✓ Can be made to any size. Ideal for custom made sizes.
- ✓ 10 Year Warranty.
- ✗ Can crack with high impact.

Bamboo

Bamboo is recognised for its hardness and durability. Like true wood, bamboo is a natural composite material with a high strength-to-weight ratio and therefore useful for structures. Bamboo has a higher compressive strength than wood, brick, or concrete and a tensile strength that rivals steel.

- ✓ Incredibly durable.
- ✓ Water resistant.
- ✓ Antibacterial.
- ✓ Easy to repair if scratched.
- ✓ Sustainable material.
- ✓ 7 Year warranty.
- ✗ Requires maintenance over time in the form of oiling.

Cabinet Finishes.

A close-up view of a cabinet finish with a light, warm, off-white or cream color. The surface has a fine, uniform texture, giving it a slightly matte or paper-like appearance.

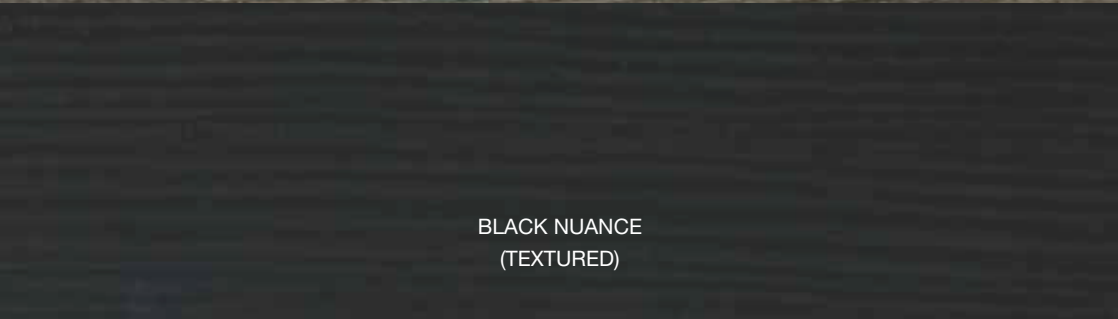

PARCHMENT NUANCE
(TEXTURED)

A close-up view of a cabinet finish in a dark, charcoal grey or black color. The texture is fine and consistent across the surface, providing a sophisticated, modern look.

DOMAIN NUANCE
(TEXTURED)

A close-up view of a cabinet finish with a dark, rich brown color. The texture is more pronounced than the others, showing a fine, slightly grainy pattern that adds depth to the dark hue.

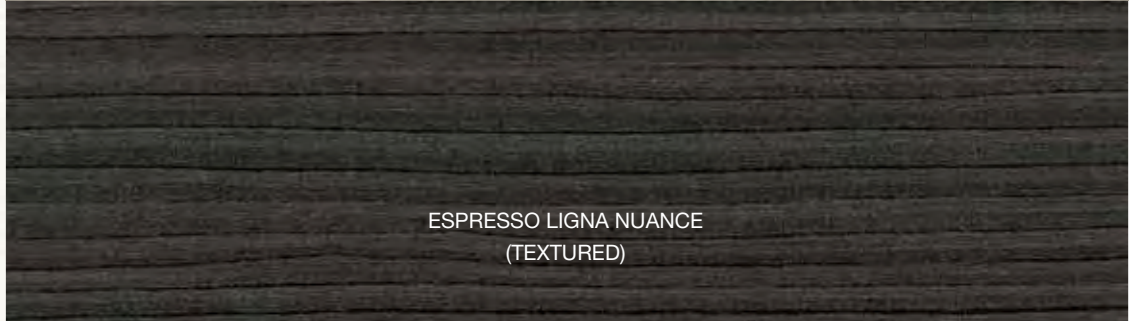

CHERISHED WOOD RIVEN
(TEXTURED)

A close-up view of a cabinet finish in a deep, solid black color. The texture is fine and uniform, creating a sleek and dramatic appearance.

BLACK NUANCE
(TEXTURED)

A close-up view of a cabinet finish in a light, neutral tone, possibly a very light beige or off-white. The texture is fine and consistent, giving it a clean, minimalist feel.

CHAMOIS NUANCE
(TEXTURED)

A close-up view of a cabinet finish in a dark, rich brown color, similar to espresso. The texture is more pronounced, showing a fine, slightly grainy pattern that adds depth to the dark hue.

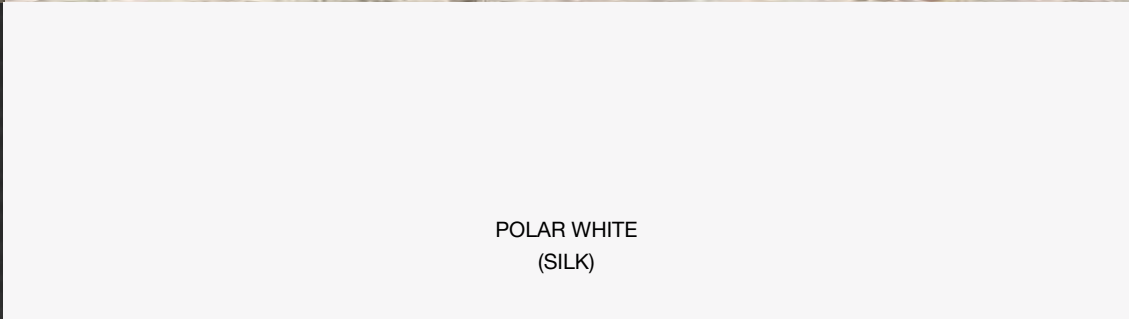

ESPRESSO LIGNA NUANCE
(TEXTURED)

A close-up view of a cabinet finish with a light, warm, off-white or cream color. The texture is fine and uniform, giving it a slightly matte or paper-like appearance.

SEASONED OAK RIVEN
(TEXTURED)

A close-up view of a cabinet finish with a light, warm, off-white or cream color. The texture is fine and uniform, giving it a slightly matte or paper-like appearance.

DISTRESSED WOOD
(TEXTURED)

A close-up view of a cabinet finish in a bright, pure white color. The texture is very fine and smooth, giving it a clean, polished appearance.
