### Fixing/Brackets

Fixings are provided for connection of the cistern to the pan (the cistern does not fix to the wall). A pair of PVC floor fixing brackets are also supplied as standard with the suite. These are secured to the floor, which then enables the pan screws to be fixed to the brackets (in most cases these brackets are not required).

### Installation Instructions

It is recommended that the pan be sealed to the floor using Silicone which enables the pan to be removed in future, should servicing be required.
