Easy clean

Old Method

PARISid-bLINE

Open rim - Direct Flush

## PARISI'S Innovative Rimless Toilets feature the latest Technology in Flushing, Hygiene and Design.

### Powerful Clean

The PARISI innovative rimless toilets are the first in Australia to ensure optimum hygiene with its smooth and continuous design. Its effective flushing technology ensures cleaning is kept to a minimum, whilst water is delivered to the bowl forcefully and systematically.

### Easy Clean

Easy clean is a powerful technology applied to ceramic where active silver ions are baked into the ceramic glaze. This technology dramatically decreases the build-up of bacteria, substantially minimising the need for harsh cleaning products. This results in an environmentally sound solution, whilst delivering a superior hygienic surface.

### Optimum Hygiene

A more hygienic result is attained as dirt and bacteria are no longer hidden under the toilet rim. The easily accessible rim area also makes cleaning easier and more efficient. Parisi's new rimless design eliminates the traditional rim completely, ensuring no waste can collect in this area.

### Sleek Design

Functionality is combined with an appealing design. The compact, smooth sided toilets are complete with the impressive new PARISI slim lift-off soft close seat for an elegant finish.

### Water Efficiency

PARISI's effective flushing technology provides outstanding splash-free flushing results. The dynamic water flow ensures that the new superior flushing maintains ideal water usage, whilst being environmentally conscious. The wall faced toilet suites have been awarded a 4 star rating with an average water consumption of 3.3 Litres per flush.

## Play MKII Wall Faced Suite

**Product Code: HN700**

**RIMLESS** - The Play MKII toilet suite combines a classically simple design aesthetic with outstanding performance features and comes standard with the PARISI Easy Clean ceramic glaze. A compact, smooth sided wall faced suite complete with an impressive heavy grade, lift off, soft close toilet seat.

PARISI

RIMLESS

## Play MKII Wall Faced Pan

**Product Code:** HN710

The innovative design of the PARISI Slim RIMLESS wall faced pan projects water around the whole bowl rather than the traditional flushing profile where water pours down the rim. Through the powerful delivery of water and open rim design, maximum cleaning of the inner bowl is achieved. Functionality is enhanced by an appealing slim soft close seat with cover.
