Wastes:	1 Year

See our terms and conditions at the back of the brochure for more detailed information.

Every single cabinet in this brochure is 100% Australian made. That means you know you are getting a **reliable product from a reliable source.**

All acrylic vanity tops are also Australian made while our ceramic and sculptured marble vanity tops are sourced from Europe and Asia but made to our exacting specifications and quality standards.

# THE ULTIMATE TESTS OF STRENGTH.

Want to know just how STRONG a TIMBERLINE vanity is?

Have a look at this...

## PACKAGING THAT GETS TO YOU

There is nothing worse than the excitement of opening your new vanity only to find it has been damaged on the way. Not with our SUPER CRATES!

Every product we ship comes in its own ultra strong SUPER CRATE. And yes - they are strong enough to hold up a commercial van.

THESE  
TESTS ARE  
**100% REAL**

NO DIGITAL

Every vanity,  
tallboy and  
shaving cabinet  
comes in its own  
**SUPER CRATE!**  
That's our way  
of making sure it  
gets to you!

#### FULL EXTENSION DRAWER RUNNERS

Used on selected vanities these full extension soft close drawer runners are the epitome of quality & style. By fully extending you can access right to the very back of the drawer and the soft close always glides stealthily closed.

These are included standard on:

- Dallas, Houston and Vermont Vanities
- Fraser Tallboys

Or as a cost option (\$102 /drawer) on any of the other ranges.

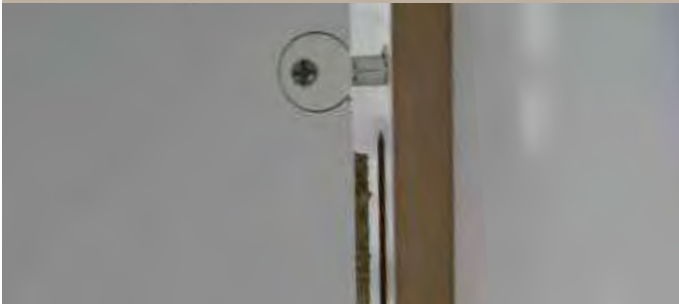

#### STEEL DRAWER RUNNERS WITH SOFT CLOSE ATTACHMENTS

All our draws are built using steel drawer runners with solid bases and backs. This makes them easy to clean and durable. We do not use paper covered 3mm MDF Backs or bases. All drawers are fitted with soft close attachments for that gentle quality shutting and have multi direction adjustment to keep them running true.

# WHAT MAKES OUR FURNITURE SPECIAL?

## TONGUE AND GROOVE JOINTING

All the solid backs and bases are assembled with tongue and groove joint with multiple cam fix points. This creates exceptional strength and durability particularly for wall mounted cabinets. The tongue and groove joint prevents the side from pulling away from the back when pressure is placed on the vanity top.

## SOLID VANITY BACK

At Timberline we always use full 16mm solid back. This ensures the greatest stability for our vanities and makes mounting and installing a breeze. We never use a 3mm paper lined MDF back.

## SOFT CLOSE HINGES

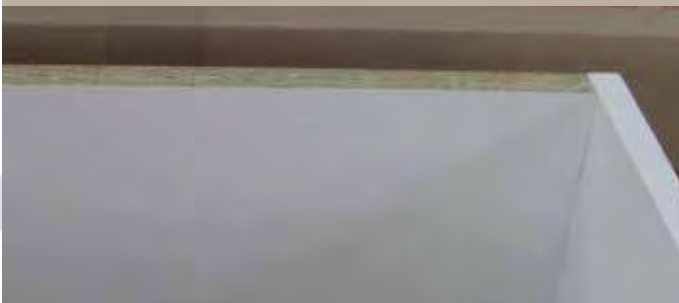

Only the best, European fully adjustable hinges are used. This allows them to be easily adjusted and offer a long life span. All hinges include built in soft close mechanisms.

## CONSTRUCTION BRACKETS

Specially designed internal brackets make a neat and strong finish which is much, much stronger than ugly staple blocks.

## MOISTURE RESISTANT BOARD

All our cabinets are manufactured with Moisture Resistant (MR) Board. This gives you the best protection against swelling and other moisture damage.

All our board is eco friendly and is sourced from responsible, certified suppliers and is either "E0" or "E1" low formaldehyde Eco Friendly product.

## DURABLE EDGING

The edging on our woodgrain cabinets is a strong ABS with matching grain. This means you will get years of durable service from your new woodgrain cabinet.

# BOSTON SHAVERS

The Boston mirror cabinets give you unmatched style with their corner display shelves. They bring character to your bathroom with the outstanding design and 'built to last' quality of these shaving cabinets.

# CABINET COLOUR OPTIONS

Choose any of these colours on any of our Vanities, Tallboys, Shaving Cabinets or Laundries - at no extra cost! White Gloss and White Satin are durable two pack polyurethane paint finish that is easy to clean. The Melamine woodgrain finishes are ultra durable and add warmth and colour to your bathroom. Some woodgrains have a matt finish while others have a realistic texture or a glossy sheen.

Please make sure you check out actual colour samples before placing your order. Obviously it is impossible to get a perfect reproduction of the real colours in a printed brochure. Colours may be substituted for alternative matching brands.

Note for Woodgrain cabinets: Due to manufacturing process, grain patterns do not line up across panels.
