ARMANDO VICARIO

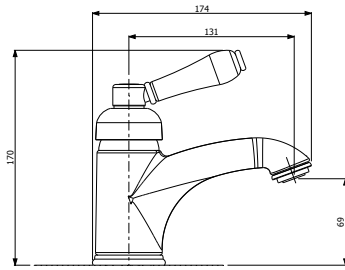

The stunning range of Armando Vicario Provincial tapware boasts European elegance and a provincial style – a style that brings warmth and timeless ease to the kitchen and bathroom. The true essence of traditional style design has been combined with high-quality production to create this range from Italy.

A boutique manufacturer and designer with more than 35 years of experience, Armando Vicario is a family-owned business situated north-east of Milano, Italy on the shores of beautiful Lago D'orta – a region renowned for designers like Alessi. Originally started by Armando Vicario in 1974, the company is now in the hands of his son Daniele and daughter Rosanna, who are dedicated to producing high-quality innovative kitchen, bathroom taps and showers.

Australians can now enjoy the quality and beauty of this Italian range of tapware, thanks to an exclusive alliance with Abey Australia.

BATHROOM TAPWARE

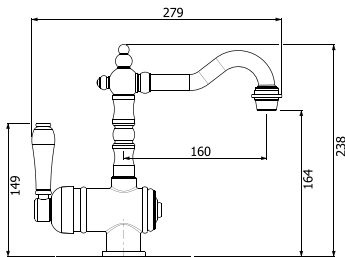

Inspired by the timeless elegance of a classical Tuscan villa, The Provincial Collection includes a hand-picked selection of superb bathroom taps, accessories and showers that are as functional as they are beautiful – all crafted in accordance with Armando Vicario's meticulous standards of quality, water efficiency and design.
