BRAVAT
BY DIETSCHE 1873

Source Black

SO-3000MB

Ecotap Technology:

Unique flow adjustment technology ensures comfortable bathing experience and energy saving.

Mirror-sided Plating Technology:

The mirror-sided plating technology that we are proud of makes our products even more extraordinaty.

Lead-free Technology:

In order to lower the risk of lead pollution in water, Bravat selects superb lead-free brass. This ensures our products to meet the NSF standard and AB1953 requirements.
