

# Tefal

## OptiGrill<sup>TM</sup> + XL

### GC722

Grill the way to like it, from rare to well-done

#### KEY Features

- Automatic Thickness measurement
- Cooking level indicator
- 9 pre-set cooking programs

#### Product Benefits

##### Performance

##### Cooking level indicator

Monitors the cooking progress and beeps at every stage to let you know when your meal is cooked the way you like it! From rare, medium to well done.

##### Pre-set cooking programs

For different types of food: Red meat, Burger, Poultry, Sandwich, Sausage, Fish, Seafood, Bacon, and Pork.

##### Manual Mode

A manual mode with 4 adjustable temperatures to cook all types of food and a frozen mode.

##### Easy to use

##### Large cooking surface (800 cm<sup>2</sup>)

For 6 to 8 servings: 33% larger cooking surface versus OptiGrill and OptiGrill+ and large juice tray and plates with a 7° angle to ensure cooking juices run off.

##### Dishwasher safe

Non-stick, die-cast aluminum plates and juice tray are dishwasher safe.

##### Easy cleaning

High-performance die-cast aluminum plates with PTFE coating for easy cleaning.

##### Uniqueness

##### Patented Automatic Sensor Cooking

Automatically adjusts to the right temperature for the size and thickness of any food type within the given programs.
