

OPTIGRILL ELITE - GC750

OptiGrill Elite

INTELLIGENT GRILL

Uniqueness

The intuitive grilling assistant provides step-by-step guidance for perfect grilling at your fingertips.

Perfect grilling results every time

Seamless grilling experience

The grill's intelligence measures the thickness of your meat and considers the number of pieces, to automatically adjust the cooking parameters.

Step-by-step guidance

New interface with intuitive grilling assistant & countdown timer so you know your meat is ready, whether you like it rare, medium or well-done.

Easy to use & clean

12 automatic programs

For meat, chicken, fish, vegetables and more; no need to monitor for perfect grilling results.

Easy to clean

Removable non-stick plates and juice collector tray are dishwasher-safe.

Restaurant-quality searing

With the searing boost function, enjoy delicious and perfectly seared meat, with amazing stripes.

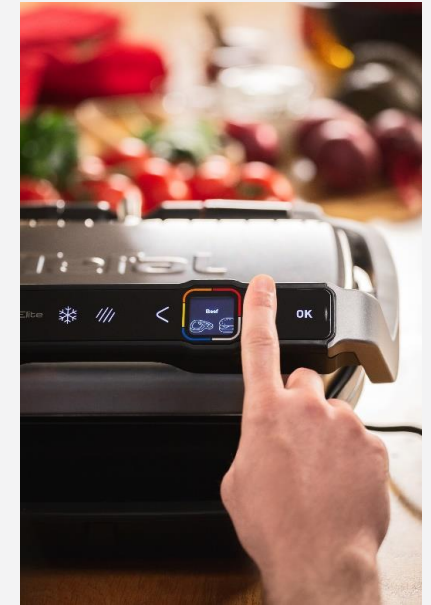

Recipe book included
